Welcome to the Health Sciences Institute!

Dear <Name>,

Thank you for your interest in our FREE health guide, *The New Miracles: An Updated Anthology of Underground Cures*. This 107-page book is loaded with helpful and up to date solutions for common diseases facing you and your family.

In a couple of days, you also will receive your additional FREE bonus - HSI's daily health news, the eAlert. This e-Letter will help you stay current with safe, natural and effective health options for you and your family. Just in time information in the convenience of your own home – every day.

New discoveries happen frequently for your common health concerns - heart problems, diabetes, cancer, and other life altering diseases. Unfortunately, this hidden and massive amount of groundbreaking research is often unavailable to you in mainstream medicine or the news. Even your doctor may be unaware of these life-saving innovations.

You want to know about natural, safe and effective care for your health. For more information, visit our exclusive website at www.hsionline.com. Discover your future health solutions.

Here's to your healthier future,

Jenny Thompson
